BY REVIEW LEASED WIRE

NEW YORK, April 24.—Leading stocks rose and fell within two to three point limits today a general but moderate reaction attending the final dealings. Trading was even more narrow than on the preceding day, with a correspondingly small turnover, the output barely amounting to 400,000 shares.

Operations lost none of their professional character, especially in the speculative groups. The market at intervals evinced signs of an oversold condition.

Interest centered mainly around the quarterly statement of the United States Steel Corporation which was not issued until after the market's close. The stock closed at 111½, a net loss of ½, after having risen almost a point.

Rails receded 1 to 2 points under yesterday's final quotations.

Bethlehem Steel and other prominent munitions were firm to strong in the forenoon with later reversals.

Bonds moved in their recent uncertainty was to the accompaniment of light offerings, including international.

Total sales, par value, \$3,560,000.

CHICAGO GRAINS.

CHICAGO, April 24.—Scarcity of offerings with signs of liberal export buying at Winnipeg and of a renewal of active domestic milling demand today helped to bring higher prices for wheat. After a rise that in some cases reached nine cents a bushel, the market closed strong at gains of 6 to 8½ cents net with May at 2.40 to 2.41 and July 206 to 212. Other commodities too scored an advance, corn ½ to 5 cents, ½ to 2½ and provisions 20 to 25. Gossip was current that among the first result of the conference in progress in Washington would be increased efforts to facilitate the movement of food stuffs to Europe. Talk was also heard of cold weather, delays to spring wheat seedling in some parts of the northwest.

Millers took all the choice wheat that could be had here and it was said that stocks in other centers also were being reduced.

Corn followed in the main the action of wheat. Export demand helped to lift oats.

Strength in provisions was ascribed chiefly to the advance of cereals. Lard and ribs were in especial demand.

METALS MARKET.

NEW YORK, April 24.—Lead firm 9½. Smelter nominal. Copper quiet; spot and second quarter 29 at 30 nominal. Later deliveries 24 at 30 nominal. Bar silver 74½.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With
Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble."

"Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old."

"I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried."

"We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

NEW YORK, April 24.—Until the governments financial plans are fully revealed and some definite means therefore provided of determining more fully than at present that portion of corporate earnings which the stockholders may reasonably expect in the way of dividends or increased equities the inactive but doubtless be lacking to generate much of a movement in the direction of higher prices.

Rep. Scott of Michigan has introduced bill to direct secretary of war to enlist for farm, commercial and manufacturing work an army of 200,000 between 18 and 50, for two-year term, with pay of army privates.

CONSTIPATION AND INDIGESTION
These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.
